11:30am-12:30pm
- Group work session to finalize outcomes
  Each table will participate in the development of the virtual playbook by identifying one topic for the each of the following 4 categories to be included in the playbook. For example, for the challenges and approaches to meet them, one might say that a significant challenge is 'Sustainability' and an approach to meeting that is to rely on legislative support from the budget of the State or region.

  - Challenges and approaches to meet them
  - Best practices
  - Barriers to be addressed
  - Application and expertise resources

12:30pm
- Adjourn
- Box Lunch-provided in Bayside C - 4th floor
