Shibboleth Workshop Series
One-day workshops for Identity Provider, Service Provider

Shibboleth.

Need training on Shibboleth installation and support? Interested in getting the most out of your InCommon participation?

Consider attending one or both of the latest sessions in the Shibboleth Workshop Series, to be held at Lafayette College in Easton, Pennsylvania, and sponsored by InCommon with support from Internet2 and Lafayette.

The workshops will provide technical installation and configuration experience with Shibboleth version 2.x and were developed for campuses new to Shibboleth and those interested in upgrading to 2.x.

Shibboleth Workshop Series
Lafayette College
Nov. 9, 2010—Identity Provider
Nov. 10, 2010—Service Provider

- Technical installation and configuration
- For campuses new to Shibboleth and those upgrading to the version 2 release
- 9 a.m. - 6 p.m (EST) each day
- Choose either IdP or SP session

www.incommon.org/educate/shibboleth

- Install either a prototype identity or service provider in either a Linux (CentOS) or Windows virtual machine environment (familiarity with Tomcat is very helpful in this training environment).
- Hear tips for configuring and running the software in production.
- Learn about integration with LDAP directories and selected packages, as well as advanced topics.

What: **Shibboleth Identity Provider Workshop—November 9, 2010**, 9 a.m. - 6 pm. ($335 for InCommon participants and Internet2 members; $350 for others)

Shibboleth Service Provider Workshop—November 10, 2010, 9 a.m. - 6 p.m. ($335 for InCommon participants and Internet2 members; $350 for others)

Note: These are two separate workshops with separate registration fees.

Who: Send up to two attendees who best represent these functions: system install, integration, and ongoing support staff; and/or campus technology architects.

How: For complete information, including registration, travel, and lodging, see www.incommon.org/educate/shibboleth.

Where: Lafayette College is approximately 60 miles west of Newark, NJ, and 60 miles north of Philadelphia.
