Toolkit for New CISOs

Last reviewed: August 2017

This is a list of resources intended for Chief Information Security Officers (CISOs) and other security professionals new to their role in higher education. Recommendations are provided by members of the Higher Education Information Security Council (HEISC).

Are You the New CISO on Your Campus? A Few First Steps...

- Get to know your colleagues within the IT department, as well as key stakeholders across the institution.
- Do a quick assessment within the first 60 days to determine the status of the IT security department's existing services and activities.
- Find answers to questions in the Information Security Guide: Effective Practices and Solutions for Higher Education, a resource created by practitioners for practitioners featuring toolkits, case studies, effective practices, and recommendations to help jump-start your campus information security initiative.
- Connect with local peers. The EDUCAUSE Member Directory allows you to identify peers according to functional role (e.g., CISO), area of interest (e.g., Cybersecurity), or location. Complete your member profile now and start connecting with professionals in your area!
- Request a peer mentor or coach through our Mentoring Program for security professionals (visit our Mentoring Toolkit for details).
- Listen to this 45-minute presentation from the 2017 RSA Conference, "Up for a Challenge? Learn How to Become a Successful Higher Education CISO."
- View this 1-hour webinar, "Who Moved My Office? The Evolving Role of the CISO."
- Read "A Tale of 3 CISOs," which provides highlights from a panel discussion with three prominent campus CISOs.
- Review sample job descriptions for CISOs.
- Browse the resources available below.

Still haven't found what you need? Please contact us and we'll try to help!

EDUCAUSE Listservs: Join any of these community discussion groups and engage with a large network of professionals.

- Security Discussion List
- IAM Discussion List
- Policy Discussion List
- IT Communications Discussion List
- CIO Discussion List
- Interested in Cloud Computing, Data Administration, IT Accessibility, IT Architecture, IT Support Services, Mobile Technologies, or Small Colleges? EDUCAUSE hosts other discussion lists, as well.

Note: If you prefer not to subscribe to these listservs, please keep in mind that the listserv archives are fully searchable and may provide valuable insights and prior discussions relating to current (or future) issues and concerns.

Association & Industry Listservs

- IAPP (International Association of Privacy Professionals) Privacy List (separate membership fee required)
- REN-ISAC (requires vetting and separate membership fee)
- BugTraq
- PatchManagement.org
- RESNET-L
- US-CERT Mailing Lists and Feeds

Articles, Books, Magazines, & Newsletters: Recommended reading.

Magazines & News Sources

• EDUCAUSE Review
• Computerworld Security News
• CSO (Chief Security Officer) Online Magazine
• EDUCAUSE Library
• IEEE Security & Privacy Magazine
• Information Security Magazine
• Network World Fusion
• SANS Internet Storm Center
• SC Magazine
• Security Magazine
• The Chronicle of Higher Education
• Inside Higher Ed
• Harvard Business Review
• Wall Street Journal

Newsletters

• Bruce Schneier's Crypto-Gram Newsletter
• CSO Online Newsletters
• IAPP Privacy News – The Daily Dashboard
• Microsoft Security Newsletter
• SANS Security Newsletters (NewsBites, @RISK, Ouch!)

Websites: Visit these sites for recommended resources and links to other websites commonly used by CISOs in higher education.

• Campus Computing Project
• Center for Internet Security (CIS): Critical Security Controls
  • Note: See how Virginia Tech is implementing the 20 critical controls as part of its overall security strategy in Randy Marchany’s 2013 presentation, "The 20 Critical Controls: A Campus Security Strategy."
• EDUCAUSE Core Data Service (CDS)
• EDUCAUSE Cybersecurity Program & HEISC
• EDUCAUSE IAM (Identity and Access Management)
• EDUCAUSE Policy
• InCommon
• Internet2 Middleware
• Internet2 Security

Professional Development: Face-to-Face & Online Events.

• Security Professionals Conference
• Seminar on Establishing an Information Security Program (typically offered on an annual basis at the Security Professionals Conference)
• Additional EDUCAUSE career and professional development initiatives, including institute programs for management and leadership development
• Career Development for New and Aspiring CIOs (EDUCAUSE website)
• Internet2 offers a global summit, a technology exchange conference, and a variety of technical workshops.
• InCommon offers three different types of events for those who want to learn more about IAM-related issues: CAMP (Campus Architecture and Middleware Planning), Advance CAMP, and Day CAMP.
• EDUCAUSE Live! webinars (free)
• IAM Online webinars (free)
• EDUCAUSE Professional Development Commons blog series

Professional Organizations: Consider joining a professional organization. Many offer local chapters with frequent
meetings that allow you to build a local network of security practitioners and experts.

- InfraGard
- ISACA
- (ISC)²
- ISSA (separate membership fee required)
- ISSA CISO Executive Forum (separate membership fee required)

Training & Certifications

- SANS Information Security Training
- Training and Certifications for Security and Privacy Professionals (CISSP, CERT, CIPP, CIPM, CIPT, CISA, CISM, CompTIA, GIAC, etc.)

Social Media: Stay informed by connecting with others via Twitter, Facebook, YouTube, or LinkedIn.

- EDUCAUSE Twitter page
- HEISC Pinterest page
- HEISC Twitter page
- HEISC YouTube channel
- Internet2 Twitter page
- InCommon Facebook page
- Internet2 Facebook page
- REN-ISAC Twitter page
- LinkedIn (search for Groups like EDUCAUSE, Internet2, REN-ISAC, Higher Education Information Security, and Information Security Community)

Connecting with Campus Colleagues: It’s crucial to continue developing relationships with as many people on your campus as possible.

- CIO
- CPO
- Risk
- Audit
- Compliance
- CFO
- Registrar
- HR
- Faculty/Researchers
- Students

Security Organizations and Associations
