- Attending:
 - Jason - Internet2
 - Aaron - Internet2
 - Ezra - UDel
 - Marcos - UDel
 - Andy - Internet2
 - Evangelos - ESnet
 - Inder - ESnet
 - Martin - UDel

Notes

Document Progress

Jason outlined the document plans for the IS-WG:

- Use Cases
 - Started by Marcos
 - Goal is to compile all of the use cases contributed by this group.
 - Jason has not reviewed/edited yet.
- Topology
 - Started by Jason
 - Describes current topology of perfSONAR and DCN/OSCARS worlds
 - Includes schemata and descriptions.
 - Looking for feedback from DCN/OSCARS developers and perfSONAR developers.

The plan is to clean up both by Fall Member Meeting - then start the editing/review process for members of this group.

Fall Member Meeting

No plans gathered yet. The documents will be presented along with any other topics we can gather via email.

Conclusions

Jason - Will update the two documents and alert the group if so

All - Let Jason know if they would like access to the SVN these documents are stored.
