# Registration Open for Shibboleth Training in Denver - June 13-14

Shibboleth Installation Workshop - June 13-14, 2017 - Denver, Colorado

**InCommon Shibboleth Installation Workshop**
**June 13-14, 2017**
**University of Denver**
**Denver, Colorado**

**Registration:** www.incommon.org/shibtraining

**Denver details:** https://spaces.at.internet2.edu/x/rIKTBg

Registration is open for the an InCommon Shibboleth Installation Workshop June 13-14, at the University of Denver. The two-day training sessions cover both the Identity Provider and Service Provider software, as well as some integration issues. The workshops focus on installing and deploying IdPv3 and the Shibboleth Service Provider. Here is what you can expect:

- A two-day, directed self-paced workshop
- Hands-on installation of the identity provider and service provider software
- Experienced trainers providing overviews and one-on-one help
- Discussions on configuration and suggested practices for federation
- Attendance is limited to 40

The workshops will offer the chance to:
- Install a prototype Shibboleth identity or service provider in a virtual machine environment
- Discuss how to configure and running the software in production
- Learn about integration with other identity management components such as LDAP and selected service providers

Knowledge of identity management concepts and related implementation experience is strongly recommended. Organizations are encouraged to send one or two attendees who best represent the following functions:

- System install, integration, and ongoing support staff
- Campus technology architects

To learn more about Shibboleth, see the Shibboleth wiki (wiki.shibboleth.net). More information on federated identity can be found at www.incommon.org.
