Legend

- **ID:** Unique repository identifier that is never reassigned to another document or version of the document.

- **Title:** Document title.
- **Publish Date:** Date the authors finalized the document for publishing in the repository.
- **Status:** Current status (Review / Preserve / Legacy / Not Reviewed).
- **Deprecated:** Whether the document has been deprecated (yes / no).
- **Sponsor:** Organization or group that sponsored the document and approved it to be published.
- **Persistent URL:** The public location of the document itself. *Use this URL if you are linking to the document.*
