

Day CAMP - Getting Started with InCommon - Nov. 4-5

Day CAMP: Getting Started with InCommon

Atlanta, Georgia * November 4-5, 2010 * www.incommon.org/camp

Registration for Day CAMP: Getting Started with InCommon is now open at <https://spaces.at.internet2.edu/display/DayCAMP>.

Are you thinking about joining the InCommon Federation, but want to know more about what's involved? Have you just become a participant and beginning to develop next steps?

Consider attending Day CAMP: Getting Started with the InCommon Federation.

The meeting will feature technical and management information for higher education institutions looking to run an identity provider to access federated services. Attendees will:

- Discuss the value proposition.
- Learn what it takes to begin accessing federated services.
- Link up with consultants, services, and experienced colleagues
- Leave with concrete, practical information and a local action plan.

Appropriate for any size school, the meeting offers IT managers and technical implementers the chance to learn more about how to federate through InCommon.

PROGRAM: The complete program will be posted in early September at <https://spaces.at.internet2.edu/display/DayCAMP>.

REGISTRATION: Online registration is open at <http://events.internet2.edu/2010/fall-mm/registrationintro>

Please note that, while Day CAMP takes place immediately following the Internet2 Fall Member Meeting in Atlanta, registration and attendance are separate from that meeting. You do not need to be an Internet2 member nor do you have to attend the Fall Member Meeting to participate in Day CAMP. However, there is a separate registration fee.

RESOURCES: There is a handy guide for getting started with federated identity management available on the InCommon wiki. Look for the Federated Identity Resources Booklet at <https://spaces.at.internet2.edu/x/-wo>.

CAMP SPONSORS

CAMP is sponsored by the InCommon Federation in cooperation with Internet2.
