Working With Sponsored Partners

Looking to discover the range of federated services available through InCommon? Need some tips on how to work with Sponsored Partners to maximize the value of your InCommon participation? Tune in to the next IAM Online, "Working with Sponsored Partners," to help make the most of InCommon. This IAM Online will look at the services available and the most common pushbacks when it comes to convincing your vendors of the need for federated identity management. Two seasoned vets will discuss commonly encountered objections and how they overcome such objections.

Guest Speakers:

Paul Caskey, Technology Architect for the University of Texas System and a member of the InCommon Technical Advisory Committee

John Harwood, senior director of Teaching and Learning with Technology, Penn State University
