

Making Abbreviated Document

1. Make a copy of the full Roadmap document
2. Open the copy in MS-Word
3. Accept all changes.
4. Turn off tracking of changes.
5. Select and delete text from title of section B through end of section C
6. Replace the following pages from the versions in InCommon-NSF-CI-Roadmap-abbrev-pages.docx (should be an attachment to this page):
 - a. The main title page.
 - b. "About this Document"
7. Delete the following pages:
 - a. The title page for section A following the Table of Contents
8. Right click on the Table of Contents and select "Update Field".
 - a. Select "Update entire Table" (as opposed to "Page numbers only") if so prompted.
9. Make sure Figure 1 (currently on page 10) and its caption are appropriately placed by manually dragging them to correct positions.
