

Develop Identity Strategies for Software Projects at Advance CAMP

Advance CAMP: Identity Services Summit III

Westminster, Colorado * May 25-27, 2011

<https://spaces.at.internet2.edu/display/ACAMPIdSummit2011/Home>

Want solutions for better provisioning, access management or other identity-related problems? Interested in working with identity leaders and developers across higher education to help design the next generation architecture?

Register now for the Advance CAMP: Identity Services Summit III, May 25-27, 2011, in Westminster, Colorado to discuss identity-related implementations and alignment across projects.

Advance CAMP is actively seeking the participation of architects, developers, and deployers of open source and commercial-sponsored software, services, and frameworks to:

- Engage in solving identity-related challenges of importance to you
- Hear about who's doing what and how to participate in or leverage their activities
- Develop your take-aways for using technologies such as Facebook, OAuth, OpenID, SAML, Kuali KIM, OpenSocial, Spring, and Django among others

REGISTER BY APRIL 22 to save money with low early-bird rates and ensure you get a room in the hotel block.

COME EARLY and attend Jasig's Spotlight on Open Source Conference held just prior to Advance CAMP at the same location. Information can be found at <http://www.jasig.org/jasigs-spotlight-open-source>.

SPECIAL RECIPROCAL PROMOTION for Jasig and Advance CAMP attendees! Jasig registrants can attend Advance CAMP Wednesday afternoon sessions as our guest! Advance CAMPers can come early and attend the Jasig sessions for free on Wednesday morning.

ADVANCE CAMP is sponsored by the InCommon Federation in cooperation with Internet2, Jasig, and the Kuali Foundation.
