InCommon, Federated Identity Sessions at EDUCAUSE

If you are going to the 2011 EDUCAUSE annual conference, you'll find plenty of sessions related to federated identity management.

InCommon will have two half-day Day CAMPs on the Tuesday pre-conference day: "Getting Started with Identity Management" in the morning, and "Getting Started with the InCommon Federation" in the afternoon. Both require a separate registration.

Wednesday's offerings include two poster sessions, a discussion of higher ed and the identity ecosystem (with Ken Klingenstein, Jack Suess, Rodney Petersen, Renee Shuey, and Peter Alterman), and an InCommon Update.

Here is a summary and links to the individual sessions.

Tuesday, Oct. 18, 2011

Two half-day InCommon preconference sessions:

Day CAMP: Getting Started with Identity Management (8:30 am – noon)
http://www.educause.edu/E2011/Program/SEM05A
