

InCommon Receives Online Trust Leadership Award

The Online Trust Alliance has presented InCommon with its 2011 Online Trust Leadership Award in the “Excellence in Higher Education” category. The award recognizes InCommon for its leadership and commitment to best practices, services and technologies that enhance online trust.

The OTA (www.otalliance.org) is a non-profit organization that represents the broad internet ecosystem supporting user choice and control, protection of critical infrastructure, privacy and data governance, and promoting best practices.
