

# Minutes Jan 11 2012 ITANA-SOA

1. Educause: the entire group to work on an Educause presentation. Leo to set up a Straw man and circulate
2. Survey: Scott and Leo to work on first cut at a standard set of questions that can be used in interviews and surveys (<https://spaces.at.internet2.edu/display/itana/Standard+questions>)
3. SOA and Identity is so important that it requires its own section: <https://spaces.at.internet2.edu/display/itana/SOA+and+Identity>
4. Follow up contacts:
  - a. Scott -> Marina Asinov
  - b. Scott -> Jonathon Mott
  - c. Scott -> Tom Barton
  - d. Glenn -> Frank Boshoff

Next steps: agree on a standard set of questions. Then we can proceed with interviews/surveys. We agreed that interviews should be a mixture of off-line (with contact reporting back to the group) and presentations to the group.
