Recent Working Group Documents

 [Post your own working document](#)

- [API / Governance](#) — The ITANA API / Governance Working Group is reviewing API design best practices, governance, technologies and resources for higher education. Interested in participating? Please contact Ashish Pandit at aspandit@ucsd.edu
- [API / Governance WG 2021-2022 Call Program](#) — The ITANA API / Governance Working Group is reviewing API design best practices, governance, technologies and resources for higher education. Interested in participating? Please contact Ashish Pandit at aspandit@ucsd.edu
- [Leading as an Architect Peer-Group](#) — Architects of all stripes are in a leadership position whether you know it or not. The real goal of an architect is to influence decision makers and set strategy. This peer-group is focused on discussing the skills of leadership that an architect should develop, successes and failures, ways to engage with campus partners, and personal development plans.
- [New to HE Peer Group](#) — Are you new to Higher Education? Did you just come from a business with a strong top-down command and control structure and you are wondering "how do you get anything done?" This peer-group is for you.
