DISCUSSION

VAMP Update

<http://www.terena.org/activities/vamp/ws1/>

- Meeting planning is progressing
- Most speakers confirmed
- see the program at: <http://www.terena.org/activities/vamp/ws1/programme1.html>
- There is interest reaching out to a few more US VOs to attend
- Heather and Scott will discuss outreach to the IceCube South Pole Neutrino Observatory,
- Keith and Heather will discuss further outreach to Project Bamboo

REFEDS meeting is Wed., Sept. 5 https://www.terena.org/events/details.php?event_id=2287

Benn noted that CManage and SURFnet staff will meet on Tuesday, Sept 4 to talk about demo script debugging.

CManage Document and Diagram

- Heather and Ken have been working on a document to explain CManage better, including explaining CoCoA (CManage and SURFconext platforms combined).
- Heather sent this attached to the agenda.
- Keith suggested a more positive ending (less focus at very end on the problems of poor IdM)

Meetings

Heather is attending IETF at end of July. <http://www.ietf.org/meeting/cutoff-dates-2012.html#IETF84>
