

IAM Sessions at the EDUCAUSE Annual Conference

IAM Sessions at the EDUCAUSE Annual Conference

For those heading to the EDUCAUSE Annual Conference next week in Denver, we've created a [web page with a list of the sessions](http://www.incommon.org/educause.html) related to identity and access management to help you with your planning. The list includes track sessions and poster sessions, as well as presentations planned in the booths of several InCommon Affiliates. We hope you find this to be a helpful resource.

www.incommon.org/educause.html

Also note that InCommon sessions include:

- a pre-conference seminar on implementing Bronze and Silver (Tues., Nov. 6, 12:30 pm)
- a session on the CommIT Project (a federated identity approach to rethinking the admissions process - includes a demo) (Thurs., Nov. 8, 8 am)
- supporting high-value, high-risk cloud services (through the InCommon Assurance program) (Thurs., Nov. 8, 9:10 am)
- scaling and expanding your federated presence through recommended practices (Thurs., Nov. 8, 5:30 pm)
