   https://spaces.at.internet2.edu/display/K12FedIAMTF/K-12+Roadmap

- Mark has done a lot of excellent work on the roadmap and use cases
- please look at the wiki pages and add your use cases to make this more concrete
- share info from your district on what is working and what is a problem
- can send text to Steve or Mark if you are not comfortable with editing the Confluence wiki.

- First part of the roadmap has bullets
- Mark hopes to convert that to more of a narrative
