Lightning Talk Information

Thank you for offering to present a lightning talk at the upcoming CAMP. Below a few suggestions below to help with your preparation.

- Please keep your presentation to 5 minutes (the lighting part) with a 5 additional minutes of question/answer.
- We will have a scribe available to note a summary of your talk along with your contact information for reference later.
- If you feel that you need to use slides, please put them on a thumb drive and arrive early to the session to transfer to the moderator's laptop.

Don't be surprised if you discover other lighting talk speakers are identified on site. Serendipity is usually a good thing at these workshops. If you have questions or comments, please email awest at educause.edu.
