

# Security Professionals Conference Seeks Session Proposals

The EDUCAUSE Security Professionals Conference will be held in St. Louis, MO, and online, May 6-8, 2014. With increasing overlap between identity and access management and security issues, I thought some of you may be interested in submitting a proposal. The expected audience includes CISOs, CIOs, CPOs, and other security practitioners. The proposal deadline is November 14. You can see all the details at <http://www.educause.edu/events/security-professionals-conference>
