# Grouper UI v2.2 testing

Please add a section to this wiki page about who tested what in the new UI.  Please open a Jira with the "UI" component for problems found (or you can email mchyzer AT upenn DOT edu. You can also leave any notes here about your experience with the new UI (or send an email to the above address and we can enter it for you.

## Scott Smith Example

Tested for a 2 hours

Focused on the new group membership and privilege screens

Liked how easy it is to manage privileges

Opened Jiras: GRP-abc, GRP-def

## Newcastle University

Will add updates throughout our experience of testing the new UI on our Grouper UI 2.2. testing page
