Members of the PCWG, Greetings!

The InCommon presentation on the last call grounded us in the administrative and technical aspects of our work. This week, we will dive into it!

Homework

For homework, please review these documents accessible from the PCWG wiki: <https://spaces.at.internet2.edu/display/incinterfed/eduGAIN+Policy+and+Community+WG>

- InCommon Participation Agreement
- InCommon Federation Operating Policies and Practices

We'll be reviewing these on the next call. In light of this document: InCommon Joining eduGAIN: A Discussion of the Issues

Remember: The eduGAIN Policy and Community WG is the main landing page for the work of this group. Call information, documents, email archive and notes may all be found on this page linked above.

If anyone has any questions that they would like to ask Ann or Tracy off-line about the project, please do not hesitate to ask?

Members of the PCWG, Greetings!

Dear Colleagues,

On today's eduGAIN Policy and Community WG call, John and I will be discussing the InCommon Participation Agreement and the Federation Operator Policies and Practices.

We've developed a summary of each of these docs, along with a few annotations about where interfederation might affect the wording, and displaying these in the Adobe Connect room during the call. However, you can also view them in a google doc:

Participation Agreement: <http://bit.ly/1xc6rDI>

Federation Operating Policies and Practices: <http://bit.ly/1u1fv0I>

Talk to you shortly!

Ann
