

# F2F 14 Plus Delta Ideas and Questions

Plus	Delta	Big Ideas	Questions
Thinking about EA as service	Acoustics	Pair EAs with Trainers	What does it take (for projects, groups) to consume EA? Do they have the cycles and resources?
Pacing of the day was good	More Answers :-)	Constant Communication to keep up with the pace of change	"Design" (user centric design?) at the EA level (what does it take in resources?)
Card Sort Activity converged	Mixed up tables more	Information governance - governance as a framework to success	Is the term Governance overloaded in Higher Ed? Do we need another term?
Governance theme played well	More Table Discussion	Data governance as tool with systems are distributed and in the cloud	How big is are EA groups compared to # of students (size of the institution)?
Networking with others	Coffee in the room	Governance in a distributed environment	Does a project transfer to production with warranty and funding / resources to fix issues?
Case studies	Ran out of coffee	ITANA EA Visuals (PACE, TIME, etc) - create a handout / slide deck (ITANA Working Group)	
Validation that we are all muddling through	Sitting Together at Lunch (save tables)	Like to see more Capability Models (ITANA S2S, Call)	
Self grouping at lunch
