Recent Meetings

Thursday, April 21, 2011

Special Interest Group Chair: Dale Smith, [NSRC](#), University of Oregon

Welcome to the Collaboration Space for the Emerging National Research & Education Network (NREN) Special Interest Group (SIG). It is designed to interactively support the NREN SIG as well as the specific regional interest groups. To reach the SIG web page, visit http://internet2.edu/international/intl_connect/emergingnetworks_sig.html

Our mission: to bring together the international community to address advancing the state of high-performance networking for research and education in under-served places around the world.

This Internet2 SIG provides a forum for:

- Sharing information about current initiatives and facilities/data/researchers that need to be reached
- Sharing challenges, opportunities and successes among both emerging and established NRENs
- Discussing possible roles for the Internet2 community

Participants are encouraged to share challenges, ideas, opportunities for collaboration, and successful case studies within these pages. Please add comments and questions by clicking "Add Comment" at the bottom of the appropriate page, or send them to the SIG mailing list at nren-sig@internet2.edu. There are currently 4 regional interest groups active in the SIG, with wiki pages to collect information on a regional or country basis.

- [Africa Interest Group](#)
- [Caribbean Interest Group](#)
- [Middle East Interest Group](#)
- [South Asia Interest Group](#)
- [NREN activities in other regions](#), including the [Pacific Islands](#) and [Central Asia](#)
