

Penn State Central Person Registry

This wikispace will consolidate Penn State Central Person Registry(CPR) information and links.

Penn State IAM

- **wikispace (some areas are protected)** <https://wikispaces.psu.edu/display/IAM/Penn+State+Identity+and+Access+Management>
- **web site** <https://iam.psu.edu/>

Developer's Web Site https://iam.psu.edu/dev_home (this site is shibboleth protected no attributes are required for accessing it).

Presentation of CPR architecture and design decisions. https://iam.psu.edu/sites/default/files/itana_arb.ppt

Use case Summary <https://iam.psu.edu/sites/default/files/IAM-UseCase-Summary-v5.0.ppt>

Identity Provisioning

- Project Charter has been created and is ready for final review. Please provide input by 8/18. <https://wikispaces.psu.edu/display/IAM/Identity+Provisioning+-+Project+Charter+Definition+and+Scope+v0.1>
- Feedback from the 8/1/11 "Identity Provisioning" review with privacy office and security has been posted to the feedback page. <https://wikispaces.psu.edu/display/IAM/Identity+Provisioning+-+Feedback+from+Review+Meetings>.
- The corresponding "identity provisioning" requirements are at <https://wikispaces.psu.edu/display/IAM/Identity+Provisioning+-+Requirements>. Note: This is rough draft of requirements. The requirements will need to be reviewed and transformed into "Formal" requirements.
- The "Identity Provisioning Concept – v6.0" has been created. It reflects input from the last review meeting. The document and user process flows can be found at <https://wikispaces.psu.edu/display/IAM/Identity+Provisioning>. There is also a public version posted on the IAM wikispace home page.
