Features and Functionality of Version 3, Shibboleth Identity Provider

Have you read about the recently released version 3 of the Shibboleth Identity Provider software? Are you curious about the improvements and changes? Join the March 11, 2015, IAM Online when members of the Shibboleth development team will discuss the new features and functionality of the new version of the Shibboleth Identity Provider. Scott Cantor is a long-time lead developer for Shibboleth and will talk about such features as user notification and support for CAS. In addition, the InCommon Technical Advisory Committee will provide an overview of discussions about baseline practices and deploying Shib 3.

Join us on Wednesday, March 11, at 2 pm ET and bring your questions!

Speakers:

Members of the Shibboleth Development Team

Moderator:

Tom Barton, University of Chicago
