Minutes of Assurance Call of 4-March-2015

InCommon Assurance Monthly Implementers call for 4-March-2015

March 2015 Assurance Call - Harvard and GW Discuss their Approaches to Bronze

Note: Recording of the March 4, 2015 Asurance webinar is now available here

Assurance webinar on Wednesday, March 4, 2015 at noon ET, highlighted assurance policies and practices of two campuses who have recently been awarded Common Bronze certification.

George Washington University and Harvard University shared their motivations and experiences in achieving Bronze. Among other topics, they presented differing approaches to password reset and to who on their campus is certified as Bronze.

Speakers:

Asif Hafiz, Director, Identity and Access Management, George Washington University
Scott Bradner, Senior Technical Consultant, Harvard University

Moderator:
Ann West, Associate Vice President for Trust and Identity, Internet2
