Spring 2015 F2F Planning information

ITANA steering committee we discussed the possibility of a mid-term ITANA f-2-f workshop (April). This workshop would be focused on building out a reference library of conceptual models and example real-life use cases.   There is an email survey making the ITANA email list rounds.

Proposed ITANA mid-term f-2-f workshop

Confirmed Dates: April 22 - 24

Confirmed venue: The Husky Union Building (HUB), Room 340. University of Washington, Seattle, WA

Summary

My (srf) conclusion:

- no clear winner as to venue
- Suggest removing 5/11 as an option, since neither Jim nor I can make it.
- 4/22 is best; 5/20 is an alternative (esp if Jim can make it)
