Assurance Call on Password Reset, April 1 - recording now available

Monthly Assurance Call,
Wed., April 1, 2015 at noon ET.

Topic: Discussion on Password Reset

led by Eric Goodman
Identity and Access Management Architect
University of California Office of the President

> **Recording of AdobeConnect webinar available here**
>
> **View the slides in PDF format**

Eric will start with a short introduction laying out the issues, followed by open discussion.

During the discussion, we will consider questions such as:

- What is your password reset policy and what is working / not working about it ?
- Is it worth codifying password reset procedures?
- Any recommendations to modify the language in the Assurance Profiles for InCommon to consider?
