

# Trust and Identity at the 2016 Internet2 Technology Exchange

Once again, the Internet2 Technology Exchange features a full slate of sessions for trust and identity. Here is the general schedule – of special note is that the Advance CAMP will continue through Thursday noon. For registration and details, see <https://meetings.internet2.edu/2016-technology-exchange/>

Sunday, September 25		
All Day	REFEDS	Meeting of federation operators from around the world
All Day	Tutorials	Several tutorials on specific topics, including ORCID and CManage
1 - 5 pm	Base CAMP	Introduction to InCommon participation
Monday, September 26		
All Day	CAMP	Two tracks of CAMP, the trust/identity track featuring track sessions based on community proposals
Tuesday, September 27		
Morning	CAMP	Two tracks of CAMP, the trust/identity track featuring track sessions based on community proposals
Afternoon	Working Groups and BoFs	Because of last year's demand for working group and birds of a feather (BoF) sessions, we're devoting Tuesday afternoon to these meetings
Weds., September 28		
All Day	Advance CAMP	The Advance CAMP (ACAMP) unconference takes place all day Weds plus Thursday afternoon. ACAMP includes conversations about problems and solutions of interest to the trust and identity community. We build the agenda on-site.
Thurs, September 29		
Morning	Advance CAMP	Advance CAMP continues through noon.
Noon - 3 pm	TIER Developers and Working Group Members Meeting	Meeting of the TIER Developers and Working Group Members. <b>Note:</b> If you will attend this meeting, <a href="#">please sign up here</a> .
